PRESENTING

YOUR BENTLEY FLYING  
SPUR HYBRID

## Arctica (Solid) - by Mulliner

Created in 1998 to provide a striking white option for the luxurious Arnage range, Arctica blends cool white with the lightest hint of blue. This delicately balanced Mulliner Paint gives the sharp lines of your Bentley the feel of a magical ice sculpture.

## YOUR INTERIOR

### Colour Split - B in Camel and Damson

The finest soft-touch leather graces virtually every interior surface that isn't metal or wood within a Bentley. Each hide is selected by hand from herds raised in northern Europe where cooler weather means fewer insects, so fewer blemishes.

## YOUR VENEER

### Tamo Ash over Grand Black

With even more emphasis on craftsmanship, a dual veneer feature has been created to give discerning customers the choice to bring one of seven highlighted veneers together with Grand Black. The highlight veneer is applied to the upper fascia, with Grand Black applied to the console and lower fascia. The dual veneer is split by a beautiful chrome strip running the length of the fascia and into the doors.
